L series products are lithium-ion battery packs with integrated golf cart battery system. They are designed to replace the lead-acid batteries, which are available for drop-in replacement in golf carts easily. The benefits of lithium-ion battery include lighter weight, shorter charging time, longer life, free maintenance and to save much electricity bill for you. Our battery has an integrated management system which includes an On/Off switch and a state-of-charge(SOC) gauge.

PPG High Performance Coatings

The Best Resistance To Extreme Weather , Exceptional Resistance to Chipping, Flaking & Cracking , Excellent Fade Resistance.

The best resistance to extreme weather is comprised of dirt resistance, uv resistance and cyclic environmental testing. The tough finish provides exceptional resistance to chipping, flaking and cracking and provides a mold, mildew and algae resistant coating.
